This particular job seemed simple: murder a crooked building contractor with ties to ruthless Fire elemental Mab Monroe. My mentor, Fletcher Lane, had some misgivings, but I was certain that I had the situation under control . . . right up until I exposed my weaknesses to a merciless opponent who exploited every single one of them. There's a reason assassins aren't supposed to feel anything. Luckily, a knife to the heart can fix that problem, especially when I'm the one wielding it. . . .

Half-Off Ragnarok Seanan McGuire
2014-03-04 The third book in New York Times-bestselling Seanan McGuire's witty urban fantasy InCryptid series about a family of cryptozoologists who act as a buffer between humans and the magical creatures living in secret around us. "The only thing more fun than an October Daye book is an InCryptid book." –Charlaine Harris, #1 New York Times-bestselling author of Sookie Stackhouse series
Cryptid, noun: Any creature whose existence has not yet been proven by science. See also "monster."
Cryptozoologist, noun: Any person who thinks hunting for cryptids is a good idea. See also "idiot." What do gorgons, basilisks, and frogs with feathers all have in common? They're all considered mythological by modern science, and some people are working

very hard to keep them that way. Alexander Price is a member of a cryptozoological lineage that spans generations, and it's his job to act as a buffer between the human and cryptid worlds—not an easy task when you're dealing with women who has snakes in place of hair, little girls who may actually be cobras, and brilliant, beautiful Australian zookeepers. And then there's the matter of the murders... Alex thought he was choosing the easier career when he decided to specialize in non-urban cryptids, leaving the cities to his little sister, Verity. He had no idea what he was letting himself in for. It's a family affair, and everyone—from his reanimated grandfather to his slightly broken telepathic cousin—is going to find themselves drawn in before things get
