Twinkle Twinkle Kaori Ekuni 2003-05-01 They got married ten days ago. They haven't had sex yet and they don't intend to. As it turned out, the only way to make their parents get off their backs about trying to "find someone" was actually finding someone--with whom to put marriage for show. Mutsuki is strictly gay and has a boyfriend, while Shoko is a clinical case of emotional instability who's in no shape for a relationship. They've each found in the other a perfect partner for a sham marriage. Since the conspirators' parents know of their own child's undesirability, but not the spouse's, the union manages to please them. And while the newlyweds hope, in their own way, to live happily ever after, they inevitably come face to face with the fact that no marriage real or staged, is a fairy tale.

Smaller and Smaller Circles F.H. Batacan 2015-08-18 This harrowing mystery, winner of the Philippine National Book Award, follows two Catholic priests on the hunt through Manila for a brutal serial killer Payatas, a 50-acre dump northeast of Manila's Quezon City, is home to thousands of people who live off of what they can scavenge there. It is one of the poorest neighborhoods in a city whose law enforcement is already stretched thin, devoid of forensic resources and rife with corruption. So when the eviscerated bodies of preteen boys begin to appear in the dump heaps, there is no one to seek justice on their behalf. In the rainy summer of 1997, two Jesuit priests take the matter of protecting their flock into their own hands. Father Gus Saenz is a respected forensic anthropologist, one of the few in the Philippines, and has been tapped by the Director of the National Bureau of Investigations as a backup for police efforts. Together with his protégé, Father Jerome Lucero, a psychologist, Saenz dedicates himself to tracking down the monster preying on these impoverished boys. *Smaller and Smaller Circles*, widely regarded as the first Filipino crime novel, is a poetic masterpiece of literary noir, a sensitive depiction of a time and place, and a fascinating story about the Catholic Church and its place in its devotees' lives.

SIRIUS-Ly Patrick Rieder 2019-06-04 Hailey, the sassy AI continued, "Captain Asil, you have been ALIT. ALIT stands for Artificial Learning Implant Technology. You are one of the first humans to be fitted with implants that contain knowledge programs that you will need to command this ship." "Captain of a starship? I barely know my name!" The Earth is in turmoil. A nuclear war has left the atmosphere unstable, and the race is on to find a new home in case this one doesn't make it. 3200 BC; Mali, West Africa; a tribe known as the Dogon record the existence of a second star in the Sirius system. The star Sirius B is not visible to the naked eye. The Dogon tell a tale of extraterrestrial visitation by a race known as the Nommo. The Nommo claim to come from a planet that orbits yet a third star in the Sirius system. Five thousand years later, the existence of Sirius B has been confirmed. In the late twenty-first century, using the moon as a radio telescope, scientists confirm the discovery of the third star--Sirius C and an exoplanet in its "Goldilocks

Zone". Asil Silverwood, the quick-thinking and movie-quoting captain of the interstellar ship Alpha, and his crew of scientific geniuses are tasked with an almost impossible mission. Using the most advanced technology of the early twenty-second century, Captain Silverwood will pilot Earth's first interstellar starship to the Sirius system in what may be humankind's last-gasp attempt to save themselves and find a new home for the people of Earth....I opened the hatch and gazed upon this alien world. We had landed on the beach about five hundred meters from the calm water of the bay, and about one kilometer from what we initially thought were tall grasses. The downpour of rain had eased to just falling lightly and persistently....The words of Neil Armstrong and Karique Chang Dubosky entered my mind as they each had been the first to step on the Moon and Mars, respectively. "This is one small step for a human....."...I thought for a moment. I wanted to speak a line that would go down in history, but nothing popped into my head except Hailey's damned old movies, and the fact that this should be Genie's moment, so I said something very Tolkien-ish, "The realm of the human has not ended, for all those who have wandered, are not lost." I stepped firmly onto the sandy beach believing I was the first to ever walk on this planet.

[God and Stephen Hawking](#) John C Lennox 2011-09-23 *The Grand Design*, by eminent scientist Stephen Hawking, is the latest blockbusting contribution to the so-called New Atheist debate, and claims that the laws of physics themselves brought the Universe into being, rather than God. In this swift and forthright reply, John Lennox, Oxford mathematician and author of *God's Undertaker*, exposes the flaws in Hawking's logic. In lively, layman's terms, Lennox guides us through the key points in Hawking's arguments - with clear explanations of the latest scientific and philosophical methods and theories - and demonstrates that far from disproving a Creator God, they make his existence seem all the more probable.

As Told By Nerdy TSUBAME 2016-04-04 Sarah "Nerdy" Littman is your typical high school nerd—geeky glasses, straight A's, the works. Her only social life consists solely of hanging out at the cafeteria with her best friend Becky Tyrone, as she tries to avoid being bullied by her arch nemesis Matt Adams. When superstar Leon Walden transfers to their school pretending to be just another regular student, Sarah's life completely turned upsidedown, much to her chagrin. Things get even more complicated when Leon moves in next door and deliberately befriends her. And when Sarah finds herself falling for the teen star, she learns that there is no mathematical equation or scientific formula that can help her sort out her feelings.

Tiger's Child Torey Hayden 1995-03-06 Special-education teacher Torey Hayden's first book, *One Child*, was an international bestseller, thrilling readers on every continent. Their hearts were captured by Sheila, a silent, troubled girl who had been abandoned on a highway by her mother and abused by her alcoholic father, and who refused to speak. As Hayden writes in the prologue to this book, "This little girl had a profound effect on me. Her courage, her resilience, and her inadvertent ability to express that great, gaping need to be loved that we all feel -- in short, her humanness -- brought me into contact with my own." Since then Hayden has gone on to write books about many of her students, but her fans continue to ask her, "What happened to Sheila?" The *Tiger's Child* is her response. Here Hayden tells how Sheila, now a young woman, finally came

to terms with her nightmare childhood. When Hayden was working on One Child, she showed the manuscript to Sheila, then a teenager, and was astonished to find that Sheila remembered almost nothing of her troubled younger years. She had no recollection of her many clashes with her teacher as Hayden tried to break through her emotional pain. And although Hayden had managed to get Sheila to communicate and become an active and lively child, Sheila's home life was still very troubled. Her father had been sent to prison when she was eight and Sheila had run away from a series of foster homes until finally she was placed in a children's home. But as Hayden continued to renew her relationship with the teenage Sheila, the memories slowly came back, bringing with them feelings of abandonment and hostility. Overwhelmed by the intensity of her awakening emotions, Sheila was driven to suicidal despair. The Tiger's Child is the touching, inspiring story of how a maturing Sheila came to perceive her mother not as a monster who willfully cast off her eldest child, but as a weak, forlorn, ordinary human being. Able to appreciate her own strength and resilience, Sheila at last is free to overcome the haunting legacy of child abuse.

Glass Sneakers CROSSROAD 2018-08-01 Princess is the last word that George McAlden would attach to her own name. She doesn't have the poise, the finesse, and even the girly name required for the job. In fact, one look at her only pair of shoes—old boyish sneakers—gives her true pedigree away. Try styling those shoes with a tiara! And yet she finds herself thrown into the glittering and messy world of the Kingdom of Triavia's court life when she takes on the job of princess-in-training who will be betrothed to Prince Arthur Luke D. Chateaubriand, the royal family's youngest and most infamous son. All George ever wanted was a steady job to earn enough to live by. Maybe "princess" is the job she's been looking for all along. Well, you know what they say. If the glass sneakers fit...

The Alpha Bet Stephanie Hale 2010-09-08 Some teenagers use drugs or sex to escape overbearing parents. I used books. All my life my mother has been hovering over me, afraid to let me experience ANYTHING. So I got really good grades, graduated from high school when I was sixteen, and escaped to a new life—my own life—at college. To jump-start my social life, I decided to rush the Alphas, the most exclusive sorority on campus. Things started to get complicated when I told one little white lie. (Okay, maybe not so little.) Then one of the sisters invoked the Alpha Bet, a super-secret set of alphabetical tasks we pledges have to complete to prove our loyalty. Now, the Alpha Bet has taken over my life. Can you spell B-E-T-R-A-Y-A-L? "Reminiscent of Meg Cabot and Kieran Scott, Hale sets a perfect tone—overtly bubbly with glimpses of Grace Kelly's obvious intelligence—for her gawky, brainy wallflower with a delightful personality."—Booklist

The Rise of China William H. Overholt 1994-09-06 Long considered an overpopulated, repressive, backward country, China has in the last decade entered the small circle of advanced industrial nations. Economic reform, more than any other factor, is responsible for this progress, maintains William H. Overholt in this provocative book.

Clara and Mr. Tiffany Susan Vreeland 2012-03-20 NATIONAL BESTSELLER It's 1893, and at the Chicago World's Fair, Louis Comfort Tiffany makes his debut with a luminous exhibition of innovative stained-glass windows that he hopes will earn him a place on the international artistic stage. But behind the scenes in his New York studio is the freethinking Clara Driscoll, head of his women's division, who conceives of and designs nearly all of the iconic leaded-glass lamps for which Tiffany will long be remembered. Never publicly acknowledged, Clara struggles with her desire for artistic recognition and the seemingly insurmountable challenges that she faces as a professional woman. She also yearns for love and companionship, and is devoted in different ways to five men, including Tiffany, who enforces a strict policy: He does not employ married women. Ultimately, Clara must decide what makes her happiest—the professional world of her hands or the personal world of her heart.
