We believe this title will be of interest to readers aged 7+ and to older readers who struggle with reading. EDGE - for books kids can't put down.

Too Much is Not Enough! Beth R. Bernhardt 2014 "Almost one hundred presentations from the thirty-third annual Charleston Library Conference (held November 6-9, 2013) are included in this annual proceedings volume. Major themes of the meeting included open access publishing, demand-driven acquisition,the future of university presses, and data-driven decision making. While the Charleston meeting remains a core one for acquisitions librarians in dialog with publishers and vendors, the breadth of coverage of this volume reflects the fact that this conference is now one of the major venues for leaders in the publishing and library communities to shape strategy and prepare for the future. At least 1,500 delegates attended the 2013 meeting, ranging from the staff of small public library systems to the CEOsof major corporations. This fully indexed, copyedited volume provides a rich source for the latest evidence-based research and lessons from practice in a range of information science fields. The contributors are leaders in the library, publishing, and vendor communities"--

EDGE : I. Hero Quests: Fire Storm: Tyranno Quest 2 Steve Skidmore 2012-10-04 Tyranno, the evil Starlord, plans to attack Earth with his alien armies. Your quest is to defeat Tyranno. We believe this title will be of interest to readers aged 7+ and to older readers who struggle with reading. EDGE - for books kids can't put down.

Ghidul autorului de cărți electronice Nicolae Sfetcu 2015-01-01 Ai scris o carte. Foarte frumos. Dar nu ai scris-o pentru a o ține pentru tine. Trebuie să o publici.

Problema e că editurile percep prețuri foarte mari pentru buzunarele unora dintre autori, și aceasta în mod obiectiv, datorită costurilor mari de tipărire. Dar ți-ai permis acest lux, și acum ai o carte tipărită, cu tine ca autor. Poți să păstrezi sutele sau miile de volume în biblioteca personală și să o faci cadou prietenilor la diverse ocazii, sau să încerci să o distribuî în diverse librării (care librării, că nu prea mai sunt?!). Ai reușit să o distribuî, cartea e plasată frumos în rafturi. În timp, se așează praful pe coperti. După un timp, cartea este retrasă. Mai rămâne să o folosești ca decor în casă, sau suport pentru diverse obiecte casnice. Dar, spre norocul tău, există o soluție alternativă, mult mai ieftină și mai eficientă în vânzarea cărții tale: cărțile electronice! Piața cărților electronice și a editurilor online a evoluat rapid în ultimii ani, și o mulțime de companii au intrat pe această piață, ca edituri, librării online, sau pentru promovarea cărților electronice.

Speed Reading in the Electronic World Debbie Drum 2019-11-29 If I told you that you could read an entire digital book in an afternoon, would you believe me? When we were taught how to read growing up, we were taught to read slowly. These poor reading habits hold us back, and it's why so many people don't enjoy reading. But reading can be faster, more fun, and more fulfilling than ever before once you learn the best reading strategies for your [learning type?]. In this short book, you'll discover proven strategies to read faster WITHOUT having to: Practice speed-reading techniques for hours and hours Skim text and risk missing crucial information Read cliff notes or shortened versions of a book This book combines the best lessons from speed reading techniques, neuroscience, and modern technology to allow you to read faster and comprehend more than you ever thought possible—and you will start reading faster today! Say Goodbye to Slow Reading Forever! I have always been a slow reader. I could never focus long enough to read an entire book. I often forgot what I had just read, and had to re-read sentences over and over again. Reading was a frustrating, slow, and painful experience, so I tried to make up for my poor reading skills by studying more and working harder. And it worked... but I wanted more. I wanted to be able to read more, learn more, and, most importantly, remember more. If you've quit reading more books than you can remember because of boredom or frustration, this quick read will change your life—and every book from now on will be a "quick read" for you. Everything changed when I developed this new way to get through entire books very fast... My Results: I was able to read 4 books in my first week of using the method - including the first Harry Potter Book (a book I never had time to read and would never imagine getting through the entire thing). In SPEED READING IN THE ELECTRONIC WORLD you will discover: The exact method to read books faster than you would have ever imagined Stop getting discouraged about books taking too long to get through Start reading more books your friends and colleagues recommend to you No more going back to re-read the same content over and over because you can't concentrate or focus (this won't happen anymore) How to comprehend and retain more of what you are reading Specific techniques to use so you remember what you're reading Method reduces zoning out and losing focus so reading content the first time will stick more in your brain How to accelerate your learning Fast readers have a huge advantage to learn faster and become more successful as a result Utilize your new superpower to learn anything you've always wanted to learn Impress your friends and your colleagues with the new you This is perfect if you: Need to study for an exam Need to learn new business skills for your career Or...if you just want to breeze through your favorite fiction books so you can read more of them in a shorter amount of time. Make the small investment in you to gain this new superpower you can use for the rest of your life. This will open up an entire new world for you and it's just one click away - BUY NOW

This title is published by Franklin Watts EDGE, which produces a range of books to get children reading with confidence. We believe this title will be of interest to readers aged 7+ and to older readers who struggle with reading. EDGE - for books kids can't put down.

Editing and Publishing e-Books Nicolae Sfetcu 2015-01-01 You wrote a book. Very nice. But you didn't write to keep it for you. You should publish it. The problem is that the publishers charge high prices for some authors pockets, and do it objectively, due to the high cost of printing. But you allowed that luxury, and now you have a printed book, with you as the author. You can keep hundreds or thousands of volumes in your personal library and give it as a gift to your friends in special occasions, or try to distribute in various libraries. You managed to distribute it, the book is beautifully placed in shelves. In time, dust is spread on covers. After a while, the book is withdrawn. It remains to use it as decoration at home, or support for various household items. But lucky for you, there is an alternative, cheaper and more effective, in selling your book: e-Books! e-Book and online publishing market has evolved rapidly in recent years, and a lot of companies have entered this market, as publishers, online bookstores, or promoting e-books.

Death or Glory Steve Skidmore 2012-03-08 You are a warrior, part of a tribe at war with the Romans. But what if you are captured -- do you have what it takes to be a gladiator? Or will you choose another path? You are the hero of this book. Only you can decide your own destiny... Kindle version supported by the Kindle Fire, Fire HD, Fire HDX, Fire DX and Paperwhite. This title is published by Franklin Watts EDGE, which produces a range of books to get children reading with confidence. EDGE - for books children want to read, and books children can read.

Kindle Paperwhite For Dummies Leslie H. Nicoll 2012-12-27

Four Shades of Gray Simon Peter Rowberry 2022-04-05 This first book-length analysis of Amazon’s Kindle explores the platform’s technological, bibliographical, and social impact on publishing. Four Shades of Gray offers the first book-length analysis of Amazon’s Kindle and its impact on publishing. Simon Peter Rowberry recounts how Amazon built the infrastructure for a new generation of digital publications, then considers the consequences of having a single company control the direction of the publishing industry. Exploring the platform from the perspectives of technology, texts, and uses, he shows how the Kindle challenges traditional notions of platforms as discrete entities. He argues that Amazon’s influence extends beyond “disruptive technology” to embed itself in all aspects of the publishing trade; yet despite industry pushback, he says, the Kindle has had a positive influence on publishing. Rowberry documents the first decade of the Kindle with case studies of Kindle Popular Highlights, an account of the digitization of books published after 1922, and a discussion of how Amazon’s patent filings reflect a shift in priorities. Rowberry argues that while it was initially convenient for the book trade to outsource ebook development to Amazon, doing so has had adverse consequences for publishers in the mid- and long term, limiting opportunities for developing an inclusive and forward-thinking digital platform. While it has forced publishers to embrace digital forms, the Kindle has also empowered some previously marginalized readerships. Although it is still too early to judge the long-term impact of ebooks compared with that of the older technologies of clay tablets, the printing press, and offset printing, the shock waves of the Kindle continue to shape publishing.

Selling Rights Lynette Owen 2014-10-17 Selling Rights has firmly established itself as the leading guide to all aspects of rights sales and co-publications throughout the world. The seventh edition is substantially updated to illustrate the changes in rights in relation to new technologies and legal developments in the United Kingdom and the rest of the world. This fully revised and updated edition includes: coverage of the full range of potential rights from English-language territorial rights through to serial rights, permissions, rights for the reading-impaired, translation rights, dramatization and documentary rights, electronic and multimedia rights More detailed coverage of Creative Commons and Open Access The aftermath of the Digital Economy Act 2010, the Hooper Report and new UK Statutory Instruments affecting copyright Updated coverage of book fairs The implications of adding e-book rights to print licences A separate chapter on collective licensing via Reproduction Rights Organizations The impact of new electronic hardware (e-readers, tablets, mobile phones) – the distinction between sales and licences the rights implications of acquisitions, mergers and disposals updates on serial rights, including online New appendices listing territories normally sought as exclusive by UK publishers and a glossary of rights specific terms. Selling Rights is an essential reference tool and an accessible and illuminating guide to current and future issues for rights professionals and students of publishing.
