**Quaker Writings** Thomas D. Hamm 2011-01-25 An illuminating collection of work by members of the Religious Society of Friends. Covering nearly three centuries of religious development, this comprehensive anthology brings together writings from prominent Friends that illustrate the development of Quakerism, show the nature of Quaker spiritual life, discuss Quaker contributions to European and

American civilization, and introduce the diverse community of Friends, some of whom are little remembered even among Quakers today. It gives a balanced overview of Quaker history, spanning the globe from its origins to missionary work, and explores daily life, beliefs, perspectives, movements within the community, and activism throughout the world. It is an exceptional contribution to contemporary understanding of religious thought. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

**The Africana Bible** Hugh R. Page 2010 A landmark volume, The Africana Bible gathers multicultural and interdisciplinary perspectives on every book in the Hebrew Bible. It opens a critical window onto the world of interpretation on the African continent and in the multiple diasporas of African peoples, including the African-American experience, with attention to Africana histories, literatures, cultures, and backgrounds for understanding biblical literature. The Africana Bible features a critical commentary on every book of the Hebrew Bible, the Apocrypha, and Pseudepigrapha that are authoritative for many in African and African-diasporan communities worldwide. It highlights issues of concern to the global Black community (such as globalization and the colonial legacy) and the distinctive norms of interpretation in African and African Diasporan settings.

**Five T'ang Poets** Wang Wei 1990 Five great poets of the T'ang dynasty (eighth and ninth centuries A.D.) are represented in this collection: Wang Wei, Li Po, Tu Fu, Li Ho, and Li Shang-Yin. Each poet is introduced by the translator and represented by a selection that spans the poet's development and career. These constitute some of the greatest lyric poems ever written.

**Aspects of Leadership Ethics, Law, and Spirituality** Carroll Connelley 2015-04-10 Aspects of Leadership is a book that brings together scholars from different disciplines and practitioners from a broad variety of backgrounds to address three key areas: Ethics; Law, and Spirituality. Aspects of Leadership intends to inform leaders, and the general public, about the challenges of ethical decision making, the application of the law of war and the important role of spirituality in the battlefield. Essays are about ethics and armed conflict in the 21st Century. Many of the more complex challenges in operating among foreign populations stem from trying to understand and work with people who follow different religious, political, and legal systems. Around the world, notions of leadership and authority, methods for judging and resolving disputes, and concepts of morally and religiously acceptable behavior vary radically from country to country or even from region to region within a country. Misunderstandings and conflicts between the local population and outside military forces can quickly arise due to different religious or cultural interpretations of events and actions. When handled poorly, such misunderstandings may even escalate to serious hostilities on the part of the local population, resulting in violent conflict and a widening gap between the population and military or security forces in the area."

**The Howland Heirs** William Morrell Emery 1919

**Fun and Games** K. G. Binmore 1992 Binmore's groundbreaking text on game theory explores the manner in which rational people should interact when they have conflicting interests. While Binmore uses a light touch to outline key developments in theory, the text remains a serious exposition of a serious topic. In addition, his unique story-telling approach allows students to immediately apply game-theoretic skills to simple problems. Each chapter ends with a host of challenging exercises to help students practice the skills they have learned. The highly anticipated revision, expected in 2003, will include more coverage of cooperative game theory and a more accessible presentation--with chapters broken up into smaller chunks and an abundance of economic examples integrated throughout the text.

**Shamanism and Islam** Thierry Zarcone 2017-01-30 Here, Thierry Zarcone and Angela Hobart offer a vigorous and authoritative exploration of the link between Islam and shamanism in contemporary Muslim culture, examining how the old practice of shamanism was combined with elements of Sufism in order to adapt to wider Islamic society. Shamanism and Islam thus surveys shamanic practices in Central Asia, the Middle East, North Africa and the Balkans, to show how

the Muslim shaman, like his Siberian counterpart, cultivated personal relations with spirits to help individuals through healing and divination. It explores the complexities and variety of rituals, involving music, dance and, in some regions, epic and bardic poetry, demonstrating the close links between shamanism and the various arts of the Islamic world. This is the first in-depth exploration of 'Islamized shamanism', and is a valuable contribution to the field of Islamic Studies, Religion, Anthropology, and an understanding of the Middle East more widely.

**Hav** Jan Morris 2011-08-30 A New York Review Books Original Hav is like no place on earth. Rumored to be the site of Troy, captured during the crusades and recaptured by Saladin, visited by Tolstoy, Hitler, Grace Kelly, and Princess Diana, this Mediterranean city-state is home to several architectural marvels and an annual rooftop race that is a feat of athleticism and insanity. As Jan Morris guides us through the corridors and quarters of Hav, we hear the mingling of Italian, Russian, and Arabic in its markets, delight in its famous snow raspberries, and meet the denizens of its casinos and cafés. When Morris published Last Letters from Hav in 1985, it was short-listed for the Booker Prize. Here it is joined by Hav of the Myrmidons, a sequel that brings the story up-to-date. Twenty-first-century Hav is nearly unrecognizable. Sanitized and monetized, it is ruled by a group of fanatics who have rewritten its history to reflect their own blinkered view of the past. Morris's only novel is dazzlingly sui-generis, part erudite travel memoir, part speculative fiction, part cautionary political tale. It transports the reader to an extraordinary place that never was, but could well be.

**The Three Principal Aspects of the Path** Geshe Sonam Rinchen 2010-06-16 The wish for freedom, the altruistic intention, and the wisdom realizing emptiness constitute the essence of the Buddhist path. In this teaching, Geshe Sonam Rinchen explains, in clear and readily accessible terms, Je Tsongkhapa's (1357-1419) famed presentation of these three essential topics.

**Baseball Haiku: The Best Haiku Ever Written about the Game** Nanae Tamura 2007-04-17 Presenting more than two hundred of the greatest haiku ever written about the game. There are moments in every baseball game that make fans catch their breath: the pause while a pitcher looks in for the sign, the moment a cocksure rookie gets picked off first, or the instant a batter lashes a game-winning homer into the night sky, just before the sell-out crowd explodes onto its feet. Haiku captures these moments like no other poetic form, and Baseball Haiku captures the sights, the sounds, the smells, and the emotions of the game like no previous collection. Some of the most important haiku poets of both America and Japan are featured in this anthology; including Jack Kerouac, a longtime baseball fan who pioneered English-language haiku; Alan Pizzarelli, one of the top American haiku and senryu poets of the last thirty years; and Masaoka Shiki, one of the four great pillars of Japanese haiku—a towering figure—who was instrumental in popularizing baseball in Japan during the 1890s. With over two hundred poems spanning more than a century of ball playing, Baseball Haiku reveals the intricate ways in which this enduring and indelible sport—which is played on a field, under an open sky—has always been linked to nature and the seasons. And just as a haiku happens in a timeless now, so too does Baseball Haiku evoke those unforgettable images that capture the actions and atmospheres of the national pastime: each poem resonates like the lonely sound of cleats echoing in the tunnel as a grizzled veteran leaves his final game. The largest collection of haiku and senryu on baseball ever assembled, Baseball Haiku is an extraordinary treasure for any true baseball fan.

**Visual Basic 2008** Paul J. Deitel 2009 Appropriate for all basic-to-intermediate level courses in Visual Basic 2008 programming. Created by world-renowned programming instructors Paul and Harvey Deitel, Visual Basic 2008 How to Program, Fourth Edition introduces all facets of the Visual Basic 2008 language hands-on, through hundreds of working programs. This book has been thoroughly updated to reflect the major innovations Microsoft has incorporated in Visual Basic 2008 and .NET 3.5; all discussions and sample code have been carefully audited against the newest Visual Basic language specification. The many new platform features covered in depth in this edition include: LINQ data queries, Windows Presentation Foundation (WPF), ASP.NET Ajax and the Microsoft Ajax Library, Silverlight-based rich Internet application development, and creating Web services with Windows Communication Foundation (WCF). New language features introduced in this edition: object anonymous types, object initializers, implicitly typed local variables and arrays, delegates, lambda expressions, and extension methods. Students begin by getting comfortable with the free Visual

Basic Express 2008 IDE and basic VB syntax included on the CD. Next, they build their skills one step at a time, mastering control structures, classes, objects, methods, variables, arrays, and the core techniques of object-oriented programming. With this strong foundation in place, the Deitels introduce more sophisticated techniques, including inheritance, polymorphism, exception handling, strings, GUI's, data structures, generics, and collections. Throughout, the authors show developers how to make the most of Microsoft's Visual Studio tools. A series of appendices provide essential programming reference material on topics ranging from number systems to the Visual Studio Debugger, UML 2 to Unicode and ASCII.

*Empire Without End* Kathleen Wren Christian 2010 In the early fifteenth century, when Romans discovered ancient marble sculptures and inscriptions in the ruins, they often melted them into mortar. A hundred years later, however, antique marbles had assumed their familiar role as works of art displayed in private collections. Many of these collections, especially the Vatican Belvedere, are well known to art historians and archaeologists. Yet discussions of antiquities collecting in Rome too often begin with the Belvedere, that is, only after it was a widespread practice. In this important book, the author steps back to examine the "long" fifteenth century, a critical period in the history of antiquities collecting that has received scant attention. Kathleen Wren Christian examines shifts in the response of artists and writers to spectacular archaeological discoveries and the new role of collecting antiquities in the public life of Roman elites.

*On Ibadism* Angeliki Ziaka 2014-01-01 An exceptionally beautiful and hospitable country, Oman is a researchers delight, with archives and manuscripts, archaeological and ethno-archaeological attractions ranging from pre-Islamic Arabia to the present, and modern multi-tribal communities. Located on the southern edge of the Persian Gulf, where

the Arabian Sea and the Indian Ocean meet and control the entrance to the Persian Gulf, it has stood at a commercial and cultural crossroads for centuries. But with commercial sea routes also to Africa and Asia, it is simultaneously a contemporary state that combines modernity and tradition, religion and multiculturalism -- a place where the present meets the past without being bound by it. It is, thus, no accident that Ibadis have played and continue to play an important role in the history of Muslim theology and its political theory, a role that only in recent years has begun to be acknowledged in international academic circles. This volume presents the proceedings of the first international conference dedicated to Ibadism and the Sultanate of Oman, which was held at Aristotle University of Thessaloniki in November 2009. The goal of the conference was to introduce Ibadism and Ibadite Studies to the worldwide research community and, indeed, it has served as the springboard for other conferences and the founding of academic groups dedicated to Ibadism and the Sultanate of Oman. In the first part of this volume, we are guided through Ibadite history, theology, and jurisprudence while the second part opens the reader to a broad vista on the dialectics between religion, society, and politics within contemporary Ibadite communities and especially that of Oman. By introducing Ibadism to the broader academic community, we hope to contribute to the mutual understanding and rapprochement of peoples, cultures, and religions. In this regard, each paper in the present volume has lasting value. (Luxury Edition)

**Braving Chemo** Beverly A. Zavaleta MD 2019-11-11 Getting cancer is like a bomb going off in your life. Having chemotherapy can feel like another bomb. If you're getting ready for chemotherapy, you probably have many questions-but searching for answers on the internet can be overwhelming and the pamphlets from your oncologist don't begin to tell you all you need to know. You may be scared, confused or exhausted. You'll want to know what to expect and how to prepare for chemotherapy - and so will your loved ones who are supporting you. In her concise and easy-to-read guidebook, *Braving Chemo*, Harvard-educated physician and breast cancer survivor Beverly A. Zavaleta MD cuts through the confusion to provide you with clear answers to your most urgent chemotherapy questions. ¿Can I keep my hair from falling out? ¿What should I eat? ¿How can I keep my spirits up when I'm worried about dying? Combining her medical expertise with a survivor's experience and insight, Dr. Zavaleta provides practical advice on topics such as where to find reliable information about your treatment regimen, what you should take to your chemo session, and how to keep up your strength. *Braving Chemo* also confronts the challenges of cancer recovery and coping with fear of death. Whether you are a chemotherapy patient or a cancer caregiver, *Braving Chemo* is a valuable resource about what to expect during chemo, how to minimize the side effects, and how to live life as normally as possible when life itself is on the line.
