Patanjali Yoga Sutras A. K. Aruna 2012-04-02 Composed over two millennia ago, the Yoga Sutras of Patanjali remains the philosophical thread that unites the ancient and current world of yoga. Yet, its many translations are underwhelming, lacking connection to reality and practicality. Innumerable forms and sects of yoga have come and gone in between. Obsessed with gaining special powers over mind and body, yoga's re-tellers have clouded its history in a mystical mist of fantastic claims. It is human nature to crave powers to radically change our lot in life. These layers of dazzle and glitter have over the centuries led us further away from yoga's spiritual core. The sutras' clear, logical, and practical path has been blurred and lost. Radically breaking with this mystical tradition, A. K. Aruna seeks to reclaim for us this fountainhead of yoga by retying the understanding of these sutras to the even more ancient source of spiritual knowledge and yoga—the Upanishads. The Upanishads eschewed limited pursuits in order to seek an ultimate goal that was not time-bound. In this still pure form of the yoga of seeking ultimate, timeless truth, the words of Patanjali become crystal clear and practical. Yoga shines in timeless relevance. A. K. Aruna's Patanjali Yoga Sutras: A Translation in the Light of Vedanta Scripture has brilliantly refocused the light on the Yoga Sutras. This is a companion, translation only, booklet to the Translation and Commentary version of the text by A. K. Aruna.

In FOREVER AND A DAY, Emily is stunned to finally, after 20 years, meet her missing father—just a week before her wedding. Their reunion changes both of their lives, and unlocks the key to the house's many secrets, and to Emily's missing memories. Spring has finally arrived at Sunset Harbor, and with just a week to go until the big wedding date, the wedding preparations are busier than ever, including Daniel's surprise talk of a honeymoon. Will Emily and Daniel have their dream wedding? Or will someone appear to tear it apart? Meanwhile, Chantelle's custody battle comes to a pitch, and as Memorial Day looms, they must figure out what to do with Trevor's house. Yet amidst all of this, another issue weighs most heavily on Emily's mind: will she herself ever be pregnant? Book #6 will be available soon. "A very well written novel, describing the struggle of a woman (Emily) to find her true identity. The author did an amazing job with the creation of the characters and her description of the environment. The romance is there, but not overdosed. PSYCHOLOGY, FOLKLORE, CREATIVITY AND THE HUMAN DILEMMA Julius E. Heuscher 2003-01-01 In Psychology, Folklore, Creativity and the Human Dilemma, the author explores the meaning of folklore and its usefulness in education and psychotherapy. The author's interest has expanded into other fields that challenge and question the limits of our everyday horizons, namely, into operas, plays, and humor, as well as into new approaches to the meaning of human existence explored by modern thinkers. These various fields often interact, explain, and enrich each other. The book aims for deepening the awareness of our ultimate human concerns, the meaning of authenticity, and the urgent need for radical, long-term commitments. The present volume focuses almost entirely on the role of folklore in expanding and enriching a person's horizons, on the challenges by modern writers in terms of the need to radically alter the paradigm of Western society that has brought the blessings of technology, led to a fragmentation of our psyche, and threatens the very essence of our subjectivity. Throughout the book there is both the hidden and the overt implication that simply liking, appreciating or agreeing with insightful

Postmodernism and Management Edwin A. Locke 2003-12-31 Postmodern philosophy has had a profound effect on intellectuals throughout the world. Its influence has seeped into many fields other than philosophy including literature, psychology, sociology, political science, history, journalism and management. However, there is a debate within the intellectual community as to whether this influence has been beneficial or harmful with no resolution yet in sight. This book contributes to the debate within the field of management. The book includes four chapters by the most highly regarded pro postmodern scholars and an equal number of chapters by the most highly regarded anti postmodern scholars. Adding to the controversy is a final chapter which argues that Ayn Rand's philosophy of objectivism is the proper alternative to postmodernism. *Common Core Achieve, Reading And Writing Subject Module* Contemporary 2014-02-25 "Common Core Achieve: Mastering Essential Test Readiness Skills is designed to help you learn or strengthen the skills you need when you take your high school equivalency test."--Page v.
