Recognizing the habit ways to get this ebook **The Bone Church Victoria Dougherty** is additionally useful. You have remained in right site to begin getting this info. Get the **The Bone Church Victoria Dougherty** connect that we present here and check out the link.

You could buy guide The Bone Church Victoria Dougherty or get it as soon as feasible. You could quickly download this The Bone Church Victoria Dougherty after getting deal. So, in imitation of you require the book swiftly, you can straight get it. Its consequently categorically simple and so fats, isn't it? You have to favor to in this Tone

Cold Victoria Dougherty 2016-07-06 ColdVictoria Dougherty comes from the ultimate Cold War family - daring escapades, backyard firing squads, communist snitches, bowlfuls of goulish, gargoyle's, gray skies and bone-chilling winters.In Cold, Dougherty writes essays with humor and raw soul. About the heart-rending stories she grew up hearing at her dinner table and the two-hanky drama that played on in her home. She ponders how her family's bad luck - so bad her parents dubbed it a curse - against all reason became a force for good in her life.More on Cold...WordPress, the blogging platform that hosts some 70 million blogs worldwide, has singled out Ms. Dougherty’s blog, also called Cold, as one of their top recommended blogs by writers or about writing.

Ambiguous Loss
Pauline Boss 2009-06-30
When a loved one dies we mourn our loss. We take comfort in the rituals that mark the passing, and we turn to those around us for support. But what happens when there is no closure, when a family member or a friend who may be still alive is lost to us nonetheless? How, for example, does the mother whose soldier son is missing in action, or the family of an Alzheimer’s patient who is suffering from severe dementia, deal with the uncertainty surrounding this kind of loss? In this sensitive and lucid account, Pauline Boss explains that, all too often, those confronted with such ambiguous loss fluctuate between hope and hopelessness. Suffered too long, these emotions can deaden feeling and make it impossible for people to move on with their lives. Yet the central message of this book is that they can move on. Drawing on her research and clinical experience, Boss suggests strategies that can cushion the pain and help families come to terms with their grief. Her work features the heartening narratives of those who cope with ambiguous loss and manage to leave their sadness behind, including those who have lost family members to divorce, immigration, adoption, chronic mental illness, and brain injury. With its message of hope, this eloquent book offers guidance and understanding to those struggling to regain their lives.
Table of Contents:
1. Frozen Grief
2. Leaving without Goodbye
3. Goodbye without Leaving
4. Mixed Emotions
5. Ups and Downs
6. The Family Gamble
7. The Turning Point
8. Making Sense out of Ambiguity
9. The Benefit of a Doubt
Notes Acknowledgments
Reviews of this book: You will find yourself thinking about the issues discussed in this book long after you put it down and perhaps wishing you had extra copies for friends and family members who might benefit from knowing that their sorrows are not unique...This book’s value lies in its giving a name to a force many of us will confront--sadly, more than once--and providing personal stories based on 20 years of interviews and research. --Pamela Gerhardt, Washington Post
Reviews of this book: A compassionate exploration of the effects of ambiguous loss and how those experiencing it handle this most devastating of losses ... Boss’s approach is to encourage families to talk together, to reach a consensus about how to mourn that which has been lost and how to celebrate that which remains. Her simple stories of families doing just that contain lessons for all. Insightful, practical, and refreshingly free of psychobabble. --Kirkus Review
Reviews of this book: Engagingly written and richly rewarding, this title presents what Boss has learned from many years of treating individuals and families suffering from uncertain or incomplete loss...The obvious depth of the author’s understanding of sufferers of ambiguous loss and the facility with which she communicates that understanding make this a book to be recommended. --R. R. Cornelius, Choice
Reviews of this book: Written for a wide readership, the concepts of ambiguous loss take immediate form through the many provocative examples and stories Boss includes. All readers will find stories with which they will relate...Sensitive, grounded and practical, this book should, in my estimation, be required reading for family practitioners. --Ted Bowman, Family Forum
Reviews of this book: Dr. Boss describes [the] all-too-common phenomenon [of unresolved grief] as resulting from either of two circumstances: when the lost person is still physically present but emotionally absent or when the lost person is physically absent but still emotionally present. In addition to senility, physical presence but psychological absence may result, for example, when a person is suffering from a serious mental disorder like schizophrenia or depression or debilitating neurological damage from an accident or severe stroke, when a person abuses drugs or alcohol, when a child is autistic or when a spouse is a workaholic who is not really “there” even when he or she is at home...Cases of physical absence with continuing psychological presence typically occur when a soldier is missing in action, when a child disappears and is not found, when a former lover or spouse is still very much missed, when a child “loses” a parent to divorce or when people are separated from their loved ones by immigration...Professionals familiar with Dr. Boss’s work emphasized that people suffering from ambiguous loss were not mentally ill, but were just stuck and needed help getting past the barrier or unresolved grief so that they could get on with their lives...Asian Ace Combining her talents as a compassionate family therapist and a creative researcher, Pauline Boss eloquently shows the many and complex ways that people can cope with the inevitable losses in contemporary family life. A wise book, and certain to become a classic. --Constance R. Ahrons, author of The Good Divorce
A powerful, and healing book. Families experiencing ambiguous loss will find strategies for seeing what aspects of their loved ones remain, and for understanding and grieving what they have lost. Pauline Boss offers us both insight and clarity. --Kathy Weingarten, PhD, The Family Institute of Cambridge, Harvard Medical School.

Savage Island
Victoria Dougherty 2019-09-23
On the remote, South Pacific island of Niue in 1944, Anglie is dying of boredom and eager to get involved in the war effort. Then she meets Will. As a series of vivid dreams about ancient deserts and long forgotten prophecies ensnares them, Will and Anglie not only discover love, but a powerful fate that began for them at the dawn of civilization.

For Her Own Good
Barbara Ehrenreich 2013-10-02
This women’s history classic brilliantly exposed the constraints imposed on women in the name of science and exposes the myths used to control them. Since the nineteenth century, professionals have been invoking scientific expertise to prescribe what women should do for their own good. Among the experts’ diagnoses and remedies: menstruation was an illness requiring seclusion; pregnancy, a disabling condition; and higher education, a threat to long-term health of the uterus. From clitoridectomies to tame women’s behavior in the nineteenth century to the censure of a generation of mothers as castrators as the 1950s, doctors have not hesitated to intervene in women’s sexual, emotional, and maternal lives. Even domesticity, the most popular prescription for a safe environment for woman, spawned legions of “scientific” experts. Barbara Ehrenreich and Dierdre English has never lost faith in science itself, butnists that we hold those who interpret it to higher standards. Women are entering the medical and scientific professions in greater numbers but as recent research shows, experts continue to use pseudoscience to tell women how to live. For Her Own Good provides today’s readers with an indispensable dose of informed skepticism.

Large Bells of America
Neil Gossinger 2016-08-31
Large Bells of America provides a host of information for enthusiasts and collectors, as well as for those interested in bells, and the part played by these American symbols in United States history and our cultural and Christian heritage. Includes a comprehensive directory of foundries and a large number of color photographs and illustrations.

The Case For Marriage
Linda Waite 2002-03-05
A groundbreaking look at marriage, one of the most basic and universal of all human institutions, which reveals the emotional, physical, economic, and sexual benefits that marriage brings to individuals and society as a whole. The Case for Marriage is a critically important intervention in the national debate about the future of family. Based on the authoritative research of family sociologist Linda J. Waite, journalist Maggie Gallagher, and a number of other scholars, this book’s findings dramatically contradict the anti-marriage myths that have become the common sense of most Americans. Today a broad consensus holds that marriage is a bad deal for women, that divorce is better for children when parents are unhappy, and that marriage is essentially a private choice, not a public institution. Waite and Gallagher flatly contradict these assumptions, arguing instead that by a broad range of indices, marriage is actually better for you than being single or divorced—physically, materially, and spiritually. They contend that married people live longer, have better health, earn more money, accumulate more wealth, feel more fulfillment in their lives, enjoy more satisfying sexual relationships, and have happier and more successful children than those who remain single, cohabit, or get divorced. The Case for Marriage combines clearheaded analysis, penetrating cultural criticism, and practical advice for strengthening the institution of marriage, and provides clear, essential guidelines for reestablishing marriage as the foundation for a healthy and happy society. “A compelling defense of a sacred union. The Case for Marriage is well written and well argued, empirically rigorous and learned, practical and commonsensical.” -- William J. Bennett, author of The Book of Virtues “Makes the absolutely critical point that marriage has been misrepresented and misunderstood.” -- The Wall Street Journal www.broadwaybooks.com

The Fortune Hunter
Daisy Goodwin 2014-07-29
Empress Elizabeth of Austria, known as Sisi, is the Princess Diana of nineteenth-century Europe. Famously beautiful, as captured in a portrait with diamond stars in her hair, she is unfulfilled in her marriage to the older Emperor Franz Joseph. Sisi has spent years evading the stifling formality of royal life on her private train or yacht or, whenever she can, on the back of a horse. Captain Bay Middleton is dashing, young, and the finest horseman in England. He is also impoverished, with no hope of buying the horse needed to win the Grand National—until he meets Charlotte Baird. A clever, plainspoken heiress whose money gives her a choice among suitors, Charlotte falls in love with Bay, the first man to really notice her, for his vulnerability as well as his glamour. When Sisi joins the legendary hunt organized by Earl Spencer in England, Bay is asked to guide her on the treacherous course. Their shared passion for riding leads to an infatuation that jeopardizes the growing bond between Bay and Charlotte, and threatens all of their futures. The Fortune Hunter, a brilliant new novel by Daisy Goodwin, is a lush, irresistible story of the public lives and private longings of grand historical figures.

Welcom to the Hotel Yalta
Victoria Dougherty 2016-07-07
An heiress who can’t seem to keep her legs closed. A Russian planfordominating the space race. An assassin with a penchant for rich food andandastic murder. When you’re alone in the cold, passion and betrayal arecomfortdies and love hangs on by an icy thread. From the author of TheBone Church and Cold, comes a white knuckle tour de force of Cold Warnoir.

Passport to Heaven
Micah Wilder 2021-06-01
“You have a call, Elder Wilder.” When missionary Micah Wilder set his sights on bringing a Baptist congregation into the Church of Jesus Christ of Latter-day Saints, he had no idea that he was the one about to be changed. Yet when he finally came to know the God of the Bible, Micah had no choice but to surrender himself—no matter the consequences. For a passionate young Mormon who had grown up in the Church, finding authentic faith meant giving up all he knew: his community, his ambitions, and his place in the world. Yet as Micah struggled to reconcile the teachings of his Church with the truths revealed in the Bible, he awakened to his need for God’s grace. This led him to be summoned to the door of the mission president, terrified but confident in the testimony he knew could cost him everything. Passport to Heaven is a gripping account of Micah’s surprising journey from living as a devoted member of a religion based on human works to embracing the divine mercy and freedom that can only be found in Jesus Christ.

Psychology of the Spirit
John G. Shobris 2015-09-09
While not all aspects of Carl Gustav Jung’s work have aged well, many of his ideas remain consistent with current concepts in behavioral psychology and neuroscience. Psychology of the Spirit reviews the lasting effects of Jung’s work and how it integrates with modern neuroscience, cognitive and behavioral studies, and Christian theology. It combines the mystical insights developed by Eastern Orthodox Christian theology with Jung’s vision of the psyche and the concept of the collective unconscious and its archetypes. Though written as a contribution to the field of psychology and as a tool for clinical practice, it is also accessible to lay readers interested in the relationship between the mind and the brain...

The Spanish Daughter
Lorena Hughes 2021-12-28
“An engrossing, suspenseful family saga filled with unpredictable twists and turns.” —Chanel Cleeton, New York Times bestselling author of Next Year in Havana
“With an equal mix of historical fiction, dramatic family conflict, and mystery, this tale should please fans of Christina Baker Kline, Lisa Wingate, and Kate Quinn.” —Booklist
The Washington Post Books to Read Now | Ms. Magazine Reads for the Rest of Us | Bustle Most Anticipated Books | PopSugar Best Books | BiblioLifestyle Most Anticipated Historical Fiction Books | Book Riot Book Recommendations | Finner Things Book Lover Gifts They’ll Actually Love Perfect for fans of Julia Alvarez and Silvia Moreno-Garcia, this exhilarating novel transports you to the lush tropical landscape of 1920s Ecuador, blending family drama, dangerous mystery, and the real-life history of the coastal town known as the “birthplace of cacao.” As a child in Spain, Puri always knew her passion for chocolate was inherited from her father. But it’s not until his death that she learns of something else she’s inherited— a cocoa estate in Vinces, Ecuador, a town nicknamed “Paq” or S’Chiquito.” Eager to claim her birthright and filled with hope for a new life after the devastation of World War II, she and her husband Cristóbal set out across the Atlantic Ocean. But it soon becomes clear someone is angered by Puri’s claim to the estate... When a mercenary sent to murder her aboard the ship accidentally kills Cristóbal instead, Puri dons her husband’s clothes and assumes his identity, hoping to stay safe while she searches for the truth of her father’s legacy in Ecuador. Though freed from the rules that women are expected to follow, Puri confronts other challenges at the estate—newfound siblings, hidden affairs, and her father’s dark secrets. Then there are the dangers awakened by her attraction to an enigmatic man as she tries to learn the identity of an enemy who is still at large, threatening the future she is determined to claim... “A lush Ecuadorian cacao plantation is the setting for this imaginative historical drama filled with sibling rivalry and betrayals. Threaded throughout this dramatic family saga are descriptions of cocoa-making that will leave your mouth watering for chocolate.” —The Washington Post
“A sweepingly elegant historical novel.” —Ms. Magazine
“A lushly written story of bitter-sweet family secrets and betrayals.” —Andrea Penrose, author of Murder at the Royal Botanic Gardens

STARRED REVIEW “Engrossing...As addictive as chocolate.” —Publishers Weekly
“Richly captivating.” —Woman’s World
“A fascinating historical.” —PopSugar

Homo Deus
Yuval Noah Harari 2017-02-21
Official US edition with full color illustrations throughout. NEW YORK TIMES BESTSELLER Yuval Noah Harari, author of the critically-acclaimed New York Times bestseller and international phenomenon Sapiens, returns with an equally original, compelling, and provocative book, turning his focus toward humanity’s future, and our quest to upgrade humans into gods. Over the past century humankind has managed to do the impossible and rein in famine, plague, and war. This may seem hard to accept, but, as Harari explains in his trademark style—thorough, yet riveting—famine, plague and war have been transformed from insurmountable and uncontrollable forces of nature into manageable challenges. For the first time ever, more people die from eating too much than from eating too little; more people die from old age than from infectious diseases; and more people commit suicide than are killed by soldiers, terrorists and criminals put together. The average American is a thousand times more likely to die from binging at McDonald’s than from being blown up by Al Qaeda. What then will replace famine, plague, and war at the top of the human agenda? As the self-made gods of planet earth, what destinies will we set ourselves, and which quests will we undertake? Homo Deus explores the projects, dreams and nightmares that will shape the twenty-first century—from overcoming death to creating artificial life. It asks the fundamental questions: Where do we go from here? And how will we protect this fragile world from our own destructive powers? This is the next stage of evolution. This is Homo Deus. With the same insight and clarity that made Sapiens an international hit and a New York Times bestseller, Harari maps out our future.

The Girl Who Kicked the Hornet’s Nest
Stieg Larsson 2010-05-25
In the third volume of the Millennium series, Lisbeth Salander lies in critical condition in a Swedish hospital, a bullet in her head. But she’s fighting for her life in more ways than one: if and when she recovers, she’ll stand trial for three murders. With the help of Mikael Blomkvist, she’ll need to identify those in authority who have allowed the vulnerable, like herself, to suffer abuse and violence. And on her own, she’ll seek revenge—against the man who tried to kill her and against the corrupt government institutions that nearly destroyed her life.

Ballad of the Whiskey Robber
Julian Rubinstein 2007-09-03
DESCRIPTION: Elmore Leonard meets Franz Kafka in the wild, improbably true story of the legendary outlaw of Budapest. Attila Ambrus was a gentleman thief, a sort of Cary Grant—“if only Grant came from Transylvania, was a terrible professional hockey goalkeeper, and preferred women in leopard-skin hot pants. During the 1990s, while playing for the biggest hockey team in Budapest, Ambrus took up bank robbery to make ends

meet. Arrayed against him was perhaps the most incompetent team of crime investigators the Eastern Bloc had ever seen: a robbery chief who had learned how to be a detective by watching dubbed Columbo episodes; a forensics man who wore top hat and tailed on the job; and a driver so inept he was known only by a Hungarian name that translates to Mound of Ass-Head. Ballad of the Whiskey Robber is the completely bizarre and hysterical story of the crime spree that made a nobody into a somebody, and told a forelorn nation that sometimes the brightest stars come from the blackest holes. Like The Professor and the Madman and The Orchid Thief, Julian Rubinstein’s bizarre crime story is so odd and so wicked that it is completely irresistible.

The Hungarian
Victoria Dougherty 2017-07-17

The Bone Church Victoria Dougherty 2014-04
In the surreal and paranoid underworld of wartime Prague, fugitive lovers Felix Anel and Magdalena Ruza make some dubious alliances - with a mysterious Roman Catholic cardinal, a reckless sculptor intent on making a big political statement, and a gypsy with a risky sex life. As one by one their chances for fleeing the country collapse, the two join a plot to assassinate Hitler’s nefarious Minister of Public Enlightenment and Propaganda, Josef Goebbels. But the assassination attempt goes wildly wrong, propelling the lovers in separate directions. Felix’s destiny is sealed at the Bone Church, a mystical pilgrimage site on the outskirts of Prague, while Magdalena is thrust even deeper into the bowels of a city that betrayed her and a homeland soon to be swallowed by the Soviets. As they emerge from the shadowy fog of World War II, and stagger into the foul haze of the Cold War, Felix and Magdalena must confront the past, and a dangerous, uncertain future.

Breath
Victoria Dougherty 2020-05-20
Ensnared in a fate that traps them in an endless cycle of death and rebirth, two lovers are propelled through history. From the earliest of cultures to the present day, Nif and Sherin must struggle to save humanity from the same mysterious fate that befell their ancient civilization, or risk losing one another forever.

Pre-Incident Indicators of Terrorist Incidents
Brent L. Smith 2011-01
This is a print on demand edition of a hard to find publication. Explores whether sufficient data exists to examine the temporal and spatial relationships that existed in terrorist group planning, and if so, could patterns of preparatory conduct be identified? About one-half of the terrorists resided, planned, and prepared for terrorism relatively close to their eventual target. The terrorist groups existed for 1,205 days from the first planning meeting to the date of the actual/planned terrorist incident. The planning process for specific acts began 2-3 months prior to the terrorist incident. This study examined selected terrorist groups/incidents in the U.S. from 1980-2002. It provides for the method to identify patterns of conduct that might lead to intervention prior to the commission of the actual terrorist incidents. Illustrations.

John M. Barry 2005-10-04 # 1 New York Times bestseller “Barry will teach you almost everything you need to know about one of the deadliest outbreaks in human history.” —Bill Gates
“Monumental... an authoritative and disturbing morality tale.” —Chicago Tribune
The strongest weapon against pandemic is the truth. Read why in the definitive account of the 1918 flu epidemic. Magisterial in its breadth of perspective and depth of research, The Great Influenza provides us with a precise and sobering model as we confront the epidemics looming on our own horizon. As Barry concludes, “The final lesson of 1918, a simple one yet one most difficult to execute, is that...those in authority must retain the public’s trust.

The way to do that is to distort nothing, to put the best face on nothing, to try to manipulate no one. Lincoln said that first, and best. A leader must make whatever horror exists concrete. Only then will people be able to break it apart.” At the height of World War II, history’s most lethal influenza virus erupted in an army camp in Kansas, moved east with American troops, then exploded, killing as many as 100 million people worldwide. It killed more people in twenty-four months than AIDS killed in twenty-four years, more in a year than the Black Death killed in a century. But this was not the Middle Ages, and 1918 marked the first collision of science and epidemic disease.

The Rough Pearl
Kevin Mutch 2020-04-08
Xciv Award-winning cartoonist Kevin Mutch swears the theory—spouting academics, sleazy art dealers, and obnoxious over-sharers. In this graphic novel, Adam Kline is an aspiring digital artist stuck in a thankless university adjunct position, married to an ambitious woman sick of supporting his pipe dreams, and is completely ignored by the New York art scene. Miraculously, though, his fortunes seem to be turning around. However, there’s just one problem — his mysterious medical condition keeps blacking him out at the most inopportune times, and slowly blurs his perceptions of reality and fantasy... And, if that wasn’t enough, he has to contend with eerie, pitch-black void, flesh-eating zombies,

AGODO AND CREBER
Network of Bug-eyed, Bald-headed Aliens.

Transitions
Theory Afaf I. Meleis, PhD, DrPs (hon), FAAN 2010-02-17
“It is very exciting to see all of these studies compiled in one book. It can be read sequentially or just for certain transitions. It also can be used as a template for compilation of other concepts central to nursing and can serve as a resource for further studies in transitions. It is an excellent addition to the nursing literature.” Score: 95, 4 Stars. --Doody’s
“Understanding and recognizing transitions are at the heart of health care reform and this current edition, with its numerous clinical examples and descriptions of nursing interventions, provides important lessons that can and should be incorporated into health policy. It is a brilliant book and an important contribution to nursing theory.” Kathleen Dracup, RN, DNSc Dean and Professor, School of Nursing University of California San Francisco Afaf Meleis, the dean of the University of Pennsylvania School of Nursing, presents for the first time in a single volume her original “transitions theory” that integrates middle-range theory to assist nurses in facilitating positive transitions for patients, families, and communities. Nurses are consistently relied on to coach and support patients going through major life transitions, such as illness, recovery, pregnancy, old age, and many more. A collection of over 50 articles published from 1975 through 2007 and five newly commissioned articles, Transitions Theory covers developmental, transitional, health and illness, organizational, and therapeutic transitions. Each section includes an introduction written by Dr. Meleis in which she offers her historical and practical perspective on transitions. Many of the articles consider the transitional experiences of ethnically diverse patients, women, the elderly, and other minority populations. Key topics discussed: Situational transitions, including discharge and relocation transitions (hospital to home, stroke recovery) and immigration transitions (psychological adaptation and impact of migration on family health) Educational transitions, including professional transitions (from RN to BSN and student to professional) Health and illness transitions, including self-care post heart failure, living with chronic illness, living with early dementia, and accepting palliative care Organization transitions, including role transitions from acute care to collaborative practice, and hospital to community practice Nursing therapeutics models of transition, including role supplementation models and debriefing models

The Bone Church
Victoria Dougherty 2017-03-09

American Princess
Stephanie Marie Thornton 2019-03-12
“Presidential darling, America’s sweetheart, national rebel: Teddy Roosevelt’s swashbuckling daughter Alice springs to life in this raucous anthem to a remarkable woman.” —Kate Quinn, New York Times bestselling author of The Alice Network
A sweeping novel from renowned author Stephanie Marie Thornton... Alice may be the president’s daughter, but she’s nobody’s darling. As bold as her signature color Alice Blue, the gum-chewing, cigarette-smoking, poker-playing First Daughter discovers that the only way for a woman to stand out in Washington is to make waves—oceans of them. With the canny sophistication of the savvyest politician on the Hill, Alice uses her celebrity to her advantage, testing the limits of her power and the seductive thrill of political entanglements. But Washington, DC is rife with heartaches and betrayals, and when Alice falls hard for a smooth-talking congressman it will take everything this rebel has to emerge triumphant and claim her place as an American icon. As Alice soldiers through the devastation of two world wars and brazen out a cutting feud with her famous Roosevelt cousins, it’s no wonder everyone in the capital refers to her as the Other Washington Monument—and Alice intends to outlast them all.

Leanne Brown 2015-07-14
A perfect and irresistible idea: A cookbook filled with delicious, healthful recipes created for everyone on a tight budget. While studying food policy as a master’s candidate at NYU, Leanne Brown asked a simple yet critical question: How will can a person eat on the \$4 a day given by SNAP, the U.S. government’s Supplemental Nutrition Assistance Program informally known as food stamps? The answer is surprisingly well: Broiled Tilapia with Lime, Spicy Pulled Pork, Green Chile and Cheddar Quesadillas, Vegetable Jambalaya, Beet and Chickpea Salad—even desserts like Coconut Chocolate Cookies and Peach Coffee Cake. In addition to creating nutritious recipes that maximize every ingredient and use economical cooking methods, Ms. Brown gives tips on shopping; on creating pantry basics; on mastering certain staples—pizza dough, flour tortillas—and saucy extras that make everything taste better, like spice oil and tzatziki; and how to make fundamentally smart, healthful food choices. The idea for Good and Cheap is almost proving itself. The author launched a Kickstarter campaign to self-publish and fund the buy one/give one model. Hundreds of thousands of viewers watched her video and donated \$145,000, and national media are paying attention. Even high-profile chefs and food writers have taken note—like Mark Bittman, who retweeted the link to the campaign; Francis Lam, who called it “Terrific!”, and Michael Pollan, who cited it as a “cool kickstarter.” In the same way that TOMS turned inexpensive, stylish shoes into a larger do-good movement, Good and Cheap is poised to become a cookbook that every food lover with a conscience will embrace. **Carpenter’s Gothic**
William Gaddis 1999-03-01
This story of raging comedy and despair centers on the tempestuous marriage of an heiress and a Vietnam veteran. From their “carpenter gothic” rented house, Paul sets himself up as a media consultant for Reverend Ude, an evangelist mounting a grand crusade that conveniently suits a mining combine bidding to take over an ore strike on the site of Ude’s African mission. At the still center of the breakeck action—revealed in Gaddis’s inimitable virtuoso dialogue—is Paul’s wife, Liz, and over it all looms the shadowy figure of McCandless, a geologist from whom Paul and Liz rent their house. As Paul mishandles the situation, his wife takes the geologist to her bed and a fire and aborted assassination occur; Ude issues a call to arms as harrowing as any Jeremiah—and Armageddon comes rapidly closing. Displaying Gaddis’s inimitable virtuoso dialogue, and his startling treatments of violence and sexuality, “Carpenter’s Gothic” shows again that Gaddis is among the first rank of contemporary American writers” (Malcolm Bradbury, The Washington Post Book World).

Defined by Others
M. C. V. Egan 2015-07-15
A word, a single word defines a moment for Anne. She needs to find a new one when her spouse leaves her at the age of 47, coming out of the closet literally in a closet. She finds herself back in her hometown amongst her high school friends which she left behind in her past. An inheritance from a friend leaves her with the means to middle and spy on the lives of some of their mutual acquaintances. In an attempt to run from her reality Anne gets engrossed in a game of “fun” and “flirtation” with her friend and fellow sufferer Connie at her side. Anne however did not read all the files and what to her is fun games turns into a deadly reality. It is no longer a game. Life, death and not even a defining word can stop the reality of manipulation.

Savage Island
Victoria Dougherty 2019-10
The island of Niue, 1944. On this remote island, deep in the South Pacific, about 1,500 miles from its closest neighbor, it hardly feels like a war is on. Anglie, a 17-year-old Australian girl, is waiting out the war on the island, where warm tropical winds blow through her hair almost as gently as native islander Will Tongahaa’s eyes graze her body. But the arrival of an African archaeologist and his German consort unsettle the inhabitants of this tranquil isle, and Anglie begins to wonder if the war hasn’t finally reached their shores. As Anglie and Will are drawn to the suspicious pursuits of the new visitors - an ancient statue, a fantastic myth - a series of vivid dreams about deserts and long forgotten prophecies ensnares them. The lovers discover that their destiny, one forged thousands of years earlier, is not only bigger than their prospective future together, but makes a mere world war look like child’s play.

The Girl Who Played with the Fire
Stieg Larsson 2009-07-28
Part blistering espionage thriller, part riveting police procedural, and part piercing exposé on social injustice, this second book in the Millennium series is a masterpiece, endlessly satisfying novel. Mikael Blomkvist, crusading publisher of the magazine Millennium, has decided to run a story that will expose an extensive sex trafficking operation. On the eve of its publication, the two reporters responsible for the article are murdered, and the fingerprints found on the murder weapon belong to his friend, the troubled genius hacker Lisbeth Salander. Blomkvist, convinced of Salander’s innocence, plunges into an investigation. Meanwhile, Salander herself is drawn into a murderous game of cat and mouse, which forces her to face her dark past.

The Hungarian
Victoria Dougherty 2017-07-21
While vacationing in Greece in 1956, Lily Tassos, the hard-partying daughter of a powerful arms dealer, has a sudden change in plans. After her sometime boyfriend éa CIA agent is murdered before her eyes, she finds herself holding a ticket to Moscow and a mysterious metal card. A far cry from her usual pairing of a Faulkner novel and bottle (or two) of white Bordeaux,Alone and haunted by her lover’s death, apolitical Lily resolves to complete his mission and find out who killed him.Masquerading as a gung-ho member of the American Communist Party, she travels to Moscow, where she is contacted by Pasha Tarkhan. Brutal, yet charismatic, Tarkhan is both a high-ranking Soviet official and CIA asset, not to mention a covert supporter of the Russian Spiritual Underground. This alliance of self-styled ébistes have rejected the secular Soviet state and vowed to bring it down by means of faith, prayer...and blood.Grinding her old life beneath the heel of her Dior stiletto, Lily puts her new one on the line, surrendering to fate, love and, for once, events bigger than herself.

A Peek at Bathsheba
Uvi Poznansky 2014-07-06
The most torrid tale of passion ever told: David’s forbidden love for Bathsheba, and his attempt to cover up the scandal. Will he muster the strength needed to protect her and save their son from danger? This is volume II of the trilogy The David Chronicles, told candidly by the king himself. David uses modern language, indicating that this is no fairytale. Rather, it is a story that is happening here and now. Listen to his voice as he undergoes a profound change, realizing the curse looming over his entire future. If you like middle eastern historical romance and forbidden love affair, this King David novel has a modern twist like no book you have read before, bringing King David of the Bible to life against the background of Israel historical fiction. With vivid descriptions of court intrigue, it paints King David biography in a way that is both classic and timely.

The Rainbow
Carly Schabrowski 2021-07-28
“OH MY GOSH I DON’T KNOW WHERE TO START, THIS BOOK BROKE ME...IT WILL STAY WITH ME FOR A VERY LONG TIME...HEARTBREAKING, POIGNANT, GRIPPING AND COMPELLING, I FELT EVERY EMOTION...I READ THIS BOOK IN ONE SITTING”
Fiction Viven Reads, [B] [B] [B] [B] [B]
Inspired by an incredible true story, Fans of The Tattooist of Auschwitz, We Were the Lucky Ones and The Choice will love this heartbreking novel of love, betrayal and a secret passed down through a family. Nazi-occupied Poland, 1940, When soldiers drag Tomasz back to his family’s farm, they put a gun to his head and tell him he must join the German army, or see his loved ones forced into the wide blue eyes of his childhood sweetheart Zofia, Tomasz decides the only thing he can. Over the course of the war, he will risk his life, love and the respect of his own people, to secretly fight for good against evil. All the while, he longs to be reunited with Zofia...but will his brave choices tear their apart forever? London, present day. Isla has grown up wearing her grandfather’s rainbow scarf, a beloved memento from the Second World War, and hearing his stories about his time as a young soldier bravely fighting the Germans to protect his people. But as she is collecting photos for his 95th birthday celebration, she finds an old photograph of two men standing in Nazi uniforms, next to a folded piece of paper... a newspaper article, written in German. She knows that name. Her grandfather is too weak to answer questions, so Isla begins her hunt for the truth. There is so much she doesn’t know. And what she learns about a love story and a secret from seventy years ago will change her own life forever... Readers absolutely love The Rainbow: “Wow! Just wow!!! This book is brilliant! More than brilliant, amazing!!!. Absolutely gripping, addictive and captivating... I was absolutely hooked from the first page to the last. Everyone should put The Rainbow on their reading list for 2021!!”
NetGalley reviewer, [B] [B] [B] [B] [B]
“Phenomenal... it is truly a must-read. I enjoyed this book from beginning to end, it is an amazing, unputdownable must-read. I wish I could give it more than five stars.”

Dark Yew Rising
Paul Doherty 2019-08-01
London, 1471. The War of the Roses rages on. Edward of York has claimed the English throne and his Yorkist supporters gleefully slaughter their adversaries; there’s no mercy for anyone who supported the Lancastrian cause. Margaret Beaufort - mother of Henry Tudor, the only hope for the House of Lancaster - knows her enemies are closing in. Desperate for help she turns to Christopher Uszwickie for protection. But when ruthless scheming and pitiless killings are the only routes to survival, Uszwickie will have to choose where his loyalties truly lie.

Pioneer
Joanna Stratton 2013-05-28
From a rediscovered collection of autobiographical accounts written by hundreds of Kansas pioneer women in the early twentieth century, Joanna Stratton has created a collection hailed by NewsWeek as “uncommonly interesting” and “a remarkable distillation of primary sources.” Never before has there been such a detailed record of women’s courage, such a living portrait of the women who civilized the American frontier. Here are their stories: wilderness mothers, schoolmarms, Indian squaws, immigrants, homesteaders, and circuit riders. Their personal recollections of prairie fires, locust plagues, cowboy shootouts, Indian raids, and blizzards on the plains vividly reveal the drama, danger and excitement of the pioneer experience. These were women of relentless determination, whose tenacity helped them to conquer loneliness and privation. Their work was the work of survival, it demanded as much from them as from their men—and at last that partnership has been recognized. “These women are haunting!” (The New York Times Book Review) and they reveal the special heritage and industriousness of pioneer women as never before.
