A Man of Parts David Lodge 2011-09-15 A riveting novel about the remarkable life—and many loves—of author H. G. Wells. H. G. Wells, author of *The Time Machine* and *War of the Worlds*, was one of the twentieth century's most prophetic and creative writers, a man who immersed himself in socialist politics and free love, whose meteoric rise to fame brought him into contact with the most important literary, intellectual, and political figures of his time,

but who in later years felt increasingly ignored and disillusioned in his own utopian visions. Novelist and critic David Lodge has taken the compelling true story of Wells's life and transformed it into a witty and deeply moving narrative about a fascinating yet flawed man. Wells had sexual relations with innumerable women in his lifetime, but in 1944, as he finds himself dying, he returns to the memories of a select group of wives and mistresses, including the brilliant young student Amber Reeves and the gifted writer Rebecca West. As he reviews his professional, political, and romantic successes and failures, it is through his memories of these women that he comes to understand himself. Eloquent, sexy, and tender, the novel is an artfully composed portrait of Wells's astonishing life, with vivid glimpses of its turbulent historical background, by one of England's most respected and popular writers.

A Literary and Catholic Discourse on David Lodge's novels "The British Museum is Falling Down" and "How far can you go?"
2020-07-08 Pre-University Paper from the year 2020 in the subject English Language and Literature Studies - Literature, grade: 1, , language: English, abstract: The art of literature has many faces. One of it is David Lodge, a British author and literary critic. With his literary work he explores society and culture as well as religion. It is the aim of this pre-academic work to analyse and compare two of his earlier novels: "The British Museum is Falling Down" (1965) and "How far can you go?" (1980). As a first step, the biographical background of David Lodge with a special focus on faith is examined. Moreover, it is clarified why he can be called a "Catholic novelist". It is depicted how he has developed as a "Catholic novelist". Secondly, this work concentrates on the analysis of the two

novels. Aspects of "The British Museum is Falling Down", which are central to Lodge's literature, are analysed. Notably: Realism, Intertextuality and Catholic aspects. Furthermore, the same crucial aspects of "How far can you go?" are analysed, focusing on Catholic context. As a final step, the two novels are compared in a literary and Catholic context. Considering the elaborated aspects of the two novels ideas are established of how Catholic society has developed and how it has rebelled against the Church over the time.

Yet neither physiotherapy nor aromatherapy, cognitive-behaviour therapy or acupuncture can cure his puzzling knee pain or his equally inexplicable mid-life angst. As Tubby's life fragments under the weight of his self-obsession, he embarks - via Kierkegaard, strange beds from Rummidge to Tenerife to Beverly Hills, a fit of literary integrity and memories of his

1950s South London boyhood - on a picaresque quest for his lost contentment. **How Far Can You Go?** David Lodge 1980 "Polly, Dennis, Angela, Adrian and the rest are bound to lose their spiritual innocence as well as their virginities on the journey between university in the 1950s and the marriages, families, careers and deaths that follow. On the one hand there's Sex and then the Pill, on the other there is the traditional Catholic Church. In this razor-sharp novel, David Lodge exposes the pressures that assailed Catholics everywhere within a more permissive society, and voices their eternal question: how far can you go?" -- Provided by publisher.

Kath, who left home long ago to work for the American army, introduces her sixteen-year-old brother to a lifestyle that is deliriously fast, furious and extravagant. Dazzled by the indulgent habits of the American forces, but at the same time sensitive to the broken spirits of the German community beneath this sparkling surface, Timothy will find that his summer holiday is in more ways than one an unforgettable rite of passage.

Elements of Parody in David Lodge's "Nice Work" Barbora Sramkova 2005-01-28
Seminar paper from the year 1995 in the subject English Language and Literature Studies - Literature, grade: 1,0, Technical University of Berlin, course: PS David Lodge, 8 entries in the bibliography, language: English, abstract: When thinking about David Lodge and parody, Nice Work might

not be the first novel that springs to mind. This is because the generally accepted conception of parody is that of an imitation of a model text, be it a particular piece of writing, the style of an author or the literary modes of a particular period, with the underlying intention of mocking and ironizing the target text. According to this, the natural association would be Lodge's *The British Museum is Falling Down*, with a slight deviation as far as the author's intentions are concerned. The concept of ridicule, which can be traced in most of the parodies in the history of this genre since Aristophanes, is not an inherent feature of parody. The mockery does not always go at the expense of the text parodied, as we can see in the case of *The British Museum is Falling Down*, which is rather a homage to the background texts. It is the issue of the "ethos of parody", which can be ironic, ridiculing, didactic or reverential. This wide

"pragmatic range of parody" results from the ambivalent meaning of the Greek word 'para', which means both 'opposite' and 'beside'. Linda Hutcheon suggests that "it is this second, neglected meaning of the prefix that broadens the pragmatic scope of parody in a way most helpful to discussions of modern art forms (...). With this in mind, I shall approach *Nice Work* along the lines of Daniel Ammann's definition of parody as an "activation or flirtation with an intertext (...) sustained over longer stretches(...)" as well as of Linda Hutcheon's statement that "parody(...) is a repetition with difference." Defined thus broadly, it meets my conception of *Nice Work* as a non-standard parody. By this I mean that it is not a homogeneous rewriting of an original (with a "difference" , of course), as Jane Austen's *Northanger Abbey* is a parody of the Gothic novel, neither is it a consistent mosaic of parodies mimicking the originals according

to one principle as *The British Museum is Falling Down* does, and on that account it becomes a parody homogeneous on a higher level.

Exploring the Language of Poems, Plays and Prose Mick Short 2018-10-08 Exploring the Language of Poems, Plays and Prose examines how readers interact with literary works, how they understand and are moved by them. Mick Short considers how meanings and effects are generated in the three major literary genres, carrying out stylistic analysis of poetry, drama and prose fiction in turn. He analyses a wide range of extracts from English literature, adopting an accessible approach to the analysis of literary texts which can be applied easily to other texts in English and in other languages.

The Campus Trilogy David Lodge 2011-10-04 "A trio of dazzling novels in a comic mode that the author has now made

completely his own...a cause for celebration." -The New York Times Book Review David Lodge's three delightfully sophisticated campus novels, now gathered together in one volume, expose the world of academia at its best-and its worst. In *Changing Places*, we meet Philip Swallow, British lecturer in English at the University of Rummidge, and the flamboyant American Morris Zapp of Euphoric State University, who participate in a professorial exchange program at the close of the tumultuous sixties. Ten years later in *Small World*, older but not noticeably wiser, they are let loose on the international conference circuit-along with a memorable and somewhat oversexed cast of dozens. And in *Nice Work*, the leftist feminist Dr. Robyn Penrose at Rummidge University is assigned to shadow the director of a local engineering firm, sparking a collision of ideologies and lifestyles that seems unlikely to foster anything other than

mutual antipathy.

Snow Falling on Cedars David Guterson
2009-08-17 He saw the soft cedars of San Pedro Island, its high, rolling hills, the low mist that lay in long streamers against its beaches, the whitecaps riffing its shoreline. The moon had risen already behind the island - a quarter moon, pale and indefinite, as ethereal and translucent as the wisps of cloud that travelled the skies. A fisherman is found dead in the net of his boat off the coast of a North American island. When a local Japanese-American man is charged with his murder, it becomes clear that what is at stake is more than one man's guilt. For on San Pedro, memories grow as thickly as cedar trees - memories of a charmed romance between a white boy and a Japanese girl. Above all, the island is haunted by what happened to its Japanese residents during the Second World War, when an entire community was sent into

exile while its neighbours watched.
Deaf Sentence David Lodge 2009-09-29 The subject of enthusiastic and widespread reviews, David Lodge's fourteenth work of fiction displays the humor and shrewd observations that have made him a much-loved icon. *Deaf Sentence* tells the story of Desmond Bates, a recently retired linguistics professor in his mid-sixties. Vexed by his encroaching deafness and at loose ends in his personal life, Desmond inadvertently gets involved with a seemingly personable young American female student who seeks his support in matters academic and not so academic, who finally threatens to destabilize his life completely with her unpredictable-and wayward-behavior. What emerges is a funny, moving account of one man's effort to come to terms with aging and mortality-a classic meditation on modern middle age that fans of David Lodge will love.

National Bestseller Winner of the Whitbread Book of the Year Ruby Lennox begins narrating her life at the moment of conception, and from there takes us on a whirlwind tour of the twentieth century as seen through the eyes of an English girl determined to learn about her family and its secrets. This inspiring story of a brave man, who stands up to and fight against those who have their own agenda for his land, evokes the nostalgic atmosphere of Western series that Dante frequently appeared in during American television's Golden Era, such as Death Valley Days, The Big Valley, Daniel Boone, Custer, The Texan, Bonanza, Maverick, and Cheyenne.

Quite a Good Time to be Born David Lodge 2016 A memoir from one of Britain's finest novelists and critics. 'I drew my first breath on the 28th of January 1935, which was quite a good time for a future writer to be born in England...' The only child in a lower-middle-class London family, who got his artistic genes from his musician father and his Catholic faith from his Irish-Belgian

mother, David Lodge was four when World War II began and grew to maturity through decades of great social and cultural change, giving him plenty to write about in his distinguished career. In this memoir of his life up to the publication of his breakthrough book, "Changing Places," David looks back over his childhood and youth, including his undergraduate years at University College London, where he met Mary, his future wife, in freshers' week. After National Service, and two years' postgraduate research, married at last and soon a father, he struggles to make a start as both novelist and academic, until a lucky break brings him a job at the University of Birmingham and a stimulating friendship with a colleague of similar ambition, Malcolm Bradbury. A promising career anchored on a happy marriage opens up, full of opportunities for travel, enjoyment of exciting new trends and interesting new

National Stereotypes and Symbolism in David Lodge's Out of the Shelter Tina Hannappel 2008-12 Seminar paper from the year 2007 in the subject English Language and Literature Studies - Literature, grade: 2,0, University of Marburg (Anglistik/Amerikanistik), course: Transatlantic Stereotyping - Views from/about Both Sides of the Ocean, 9 entries in the bibliography, language: English, abstract: The first time I took notice of David Lodge's novels was in this seminar. While reading the novel Changing Places

(1965) I liked his gift of making use of national stereotypes in a witty way that never seemed gross and made me reflect about the characters in spite of their comic effect. Furthermore, I particularly liked Lodge's way of working historical events into his novels. When I came across the novel *Out of the Shelter* (1970, 1984) I chose it as a topic for my term paper because I felt it was interesting to observe how a foreign author makes use of stereotypes of my own nationality. The Bildungsroman *Out of the Shelter* belongs to the early novels written by David Lodge. Lodge, as a professor of Modern English literature since 1976, is a very versatile author. Furthermore, he published works of literary theory, such as *Working with Structuralism* (1981) or novels, e.g., *The British Museum is Falling Down* (1965) or the satirical two campus novel *Changing Places* (1965). The novel *Out of the Shelter*

is mainly set in occupied Heidelberg (West Germany) where the protagonist, the 16 years old Briton Timothy Young, visits his sister who works for the US-Army as a civilian secretary. This "international theme" is well suited for examining how the author makes use of national stereotypes and symbolism. But what must be seen as a stereotype in this novel? The Collins dictionary defines a stereotype as ..".simplistic generalizations about a group that allows others to categorize them and treat them accordingly...." For this novel not only the question if the characters are stereotypes is informative, but also if there is made use of stereotypes in the character constellation and if

used clocks, from the city sundials of ancient Rome to the medieval water clocks of imperial China, hourglasses fomenting revolution in the Middle Ages, the Stock Exchange clock of Amsterdam in 1611, Enlightenment observatories in India, and the high-precision clocks circling the Earth on a fleet of GPS satellites that have been launched since 1978. Clocks have helped us navigate the world and build empires, and have even taken us to the brink of destruction. Elites have used them to wield power, make money, govern citizens, and control lives—and sometimes the people have used them to fight back. Through the stories of twelve clocks, *About Time* brings pivotal moments from the past vividly to life. Historian and lifelong clock enthusiast David Rooney takes us from the unveiling of al-Jazari's castle clock in 1206, in present-day Turkey; to the Cape of Good Hope observatory at the southern tip of Africa,

where nineteenth-century British government astronomers moved the gears of empire with a time ball and a gun; to the burial of a plutonium clock now sealed beneath a public park in Osaka, where it will keep time for 5,000 years. Rooney shows, through these artifacts, how time has been imagined, politicized, and weaponized over the centuries—and how it might bring peace. Ultimately, he writes, the technical history of horology is only the start of the story. A history of clocks is a history of civilization.
