The biggest problem? She can't seem to remember anything about the night before except for crying into a box of cookies, and she's pretty sure Grandma Nadine slipped something in her drink. And what should have been a one night stand turns into a six day adventure when Grandma whisks them off to Hawaii to save them from the ensuing media firestorm. Jace isn't looking for commitment - he believes he made that clear when he left the wedding with Beth. Then again, he can't remember much of anything other than the way her skin felt beneath his hands. Now he's stuck with her at some lame couple's retreat and trying his hardest to fight the attraction only a woman like Beth could invoke. He doesn't think it can get any worse. But one spider attack... A donkey ride from hell... And an unfortunate episode with Viagra tea - and there's one thing Jace knows for sure: He should never have agreed to Grandma Nadine's suggestion in the first place. Because if this isn't paradise, and it isn't a vacation - that only leaves one option. Survival. But to make it through alive... they might lose their hearts in the process.

*The Setup* Rachel Van Dyken 2019-12-26 The first day she was sitting by herself - I felt sorry for her. After all, it couldn't be easy wrangling all the testosterone at Wingmen Inc as one of the only female office managers. The second day she literally counted her carrots during break - she had seven by the way, right along with seven sips of her drink in between taking seven tiny little bites of the first carrot. Now I'm not one to brag, or maybe I am, but math and science fascinate me, so do problems. And this woman screamed puzzle from the way she ducked her head every time anyone looked at her, to the way she counted food and tapped the table when she didn't think anyone was watching. I'd like to think I took pity on her that day when, in fact, she was the one that took pity on me and asked if I needed a friend. She assumed I had a learning disability since I'd been staring so damn hard. Things would have ended there, except, my bosses need someone to test the new Wingmen App and since I was the only single guy on the floor - I was nominated, right along with the only single woman, the same one who thinks I need to use my fingers to count. Apparently rumors of my sexcapades throughout college reached even her ears, because she wants nothing to do with me, which makes beta testing a bitch. I have thirty days to win her over and prove myself to my bosses. One thing's for certain, I'm going to have to buy a hell of a lot of carrots.
